POP UPS INFO

The pop-up window has a dark, rounded rectangular frame with a thin silver border. In the top-left corner is a circular button with three horizontal white lines. To its right is a shield-shaped card featuring a central circular emblem with a fire-like pattern, surrounded by flames. Below the emblem is the word "FIRE" in large, bold, white letters. Underneath "FIRE" is a smaller, lighter text: "a sharp thread of interweaving torn from the spark of thought that will not fade again." To the left of the shield is a small circular icon with three horizontal lines.

The image features a stylized logo for "SYET". On the left, there is a hexagonal emblem composed of two nested L-shaped metal plates, with a glowing orange-yellow outline. To the right of the emblem, the word "SYET" is written in large, blocky letters with a similar metallic texture and orange-yellow glowing outlines. The background is dark, with scattered glowing orange and yellow particles, giving it a futuristic or industrial feel.
